Description

AccuTrax Shoe Covers will outlast any other shoe cover on the market today! They offer superior traction and are constructed with a premium, double stitched, nylon material -- the same type used for items such items as luggage, tarps, and backpacks. The fabric is permanently sealed with a polyurethane coating that creates a barrier so that moisture doesn't enter or exit the shoe cover. The non-skid sole has been safety tested by a certified lab and results are almost three times the OSHA standard.

AccuTrax shoe covers come in four different sizes, have an average lifespan of 6-9 months, and are easy to care for: Simply machine, hand wash, or apply a cleaner/sanitizer.

Size Guide:

	S	M	L	XL
Women's	<8	8.5-10.5	11-13	--
Men's	<6.5	7-10	10.5-13	13.5-17

We outfitted the whole crew and did a test for a week. Everyone was impressed. No slipping and we're looking forward to saving some money with reusables.
