Description

Our standard industrial knee pads are made with 600d polyester fabric which is abrasion resistant and water repellent. They will provide comfort, durability & protection. The protective shell is a high density, non-skid, non-marking plastic cap that protects the surface you are kneeling on. Inside is soft tricot foam lining. 1.5" wide elastic straps with hook and loop closure allow for easy size adjustments.

Dimensions: 9.5" x 7" x 4.5"

Made in the USA

Color: Black
