Description

The Ridgeline Cap Style vented hard hat is constructed with ultra-light ABS material. Air vents are located on the top and rear, which help circulate air and keep the head cool and dry. They have a low profile design, which means low center of gravity and improved balance.

This hard hat features a 4-point ratchet suspension that adjusts from 6.5 to 8. It's swinging hinge points help you locate the most comfortable position. The 4-position harness allows you to adjust the harness for a perfect fit.

Rear padded suspension provides comfort on neck.

- Vented pressure pad keeps straps in place for all day wear
- Universal accessory slots
- Includes padded manufacturer's comfort band
- Meets ANSI Z89.1, Type 1, and Class C
- Passes Reverse Orientation, High-Temperature (HT) and Low Temperature (LT)
- Vented hard hats are rated Class C
