Description

The Thrive Safety Station is the ultimate first aid kit for people that work out in the field and spend a lot of time in their vehicles. Unlike other common kits, our fully-stocked vehicle safety station is three types of kits in one! It includes:

1. **First Aid Supplies:** Various bandages, ace wrap, antibiotic ointment, burn cream, wound prep pads, cold compress, emergency blanket, and more.
2. **Medication for Common Ailments:** Aspirin, ibuprofen, non-drowsy cold meds, pepto, and antacids.
3. **Heat Stress Supplies:** When it's a hot day and you find yourself dehydrated, it's important to quickly re-hydrate. Inside the kit you'll find electrolyte tablets and emergency water pouches that will get you back on the job quickly.

Life is too busy to leave job sites for minor issues that the Thrive Safety Station can easily alleviate. Be prepared and eliminate valuable downtime when you're faced with minor wounds or aren't feeling well with this comprehensive first aid kit that covers all the bases. Perfect for

Thrive First Aid, Heat Stress, and Medication First Aid Kit

vehicles, job sites, at home, or in the office!

We put one in each of our service vehicles. Lots of great items to keep our guys on the job, some we haven't seen before. It has all of the bandages and ointments that you would expect, but also has things like aspirin, cold meds, upset stomach tablets, etc.
